

FAMILY PLANNING

Nikki Lasher, Director of Health, Family and Community Partnerships
nikki@tri-cap.net

Family Planning is the process of establishing objectives for the number and spacing of one's children and selecting the means by which those objectives may be achieved.

Private and confidential services are provided at clinics in Jasper and Evansville Indiana to women and men of reproductive age with fees based on a sliding fee scale. Most clients receive services at or below 50% of regular fees, with some qualifying for free services. All forms of insurance are accepted.

Family planning includes pre-conceptual counseling, education and general reproductive healthcare, including diagnosis and treatment of infections, which can threaten reproductive capability. TRI-CAP Family Planning *does not* provide abortion services.

Contact the Jasper clinic at 812-482-2233, ext. 144, or the Evansville clinic at 812-428-2189, ext. 1.
