

Jorge's Journey

From TRI-CAP Head Start Preschool to the City of Huntingburg, Indiana Police Department

Huntingburg police officer, Jorge Dubon, shares his journey from participating in the Dubois County F.O.P.'s (Fraternal Order of Police) Cops and Kids Program as a TRI-CAP'S Head Start Preschooler to the start of his law enforcement career:

"My family weren't native English speakers, and I never had a chance to meet and connect with law enforcement in my community. That all changed when I was a preschooler at TRI-CAP's Head Start and able to participate in the Cops and Kids Program", said Jorge Dubon.

Jorge shared: "I had a great time shopping with Indiana State Master Trooper Trey Lytton, for everything I could find with Spiderman on it. It was my first experience being around law enforcement and Master Trooper Lytton made a big impression on me."

"Because of that awesome experience, I grew up wanting to be a cop. As an adult, when an opportunity came up with the Huntingburg Police Department, I jumped on it!"

Preschooler Jendry

"This year, I had the opportunity to take my first TRI-CAP Head Start Preschooler shopping for the Cops and Kids Program and reconnect with my preschool teacher, Molly Wuchner, who was in her first year of teaching then, and is now TRI-CAP Head Start's Director. It was a great "full circle" moment in my life", Jorge stated.

"I am looking forward to a long career in law enforcement and hope to have the positive influence in kids' lives like Master Trooper Lytton has had in mine, and that I had at TRI-CAP Head Start Preschool."
